115354 External micrometer digital MAHR Micromar 40 EWR-R/EWRi-R

anvil spherical

DIN 863-3 Digital micrometer Micromar 40 EWR-R /EWRi-R with spherical anvil. For measuring the thickness of pipe walls.

Designs:

115354.0100...115354.0200: Type EWR-R Data output MarConnect (bi-directional) USB, Digimatic 115354.1100...115354.1200: Type EWRi-R Integrated wireless

Features:

LCD display REFERENCE-system RESET (sets display to zero) TOL (tolerance and warning limits) HOLD (storage of measured values) Conversion mm/inch ABS (switch between relative/absolute mode) LOCK-Funktion (Keylock) ORIGIN (fixed value setting) DATA (data transmission)

Package contents:

Delivered in case incl. setting gauge (from 25 mm).

Appropriate accessories:

109275 Accessories MAHR

Appropriate batteries:

1 pieces 155051.0545 - CR2032 / 3.0 V (included in scope of delivery).

457155 MDP safety knife MARTOR

Secunorm Profi 25 MDP, professional safety knife with automatic blade retraction for universal applications and materials; also cuts 3-layer boxes effortlessly. Ideally suited for use in the food or pharmaceutical industries - metal-detectable: When working, a cutting tool—or parts of it—can sometimes be lost. But only for a short time because the metal-detectable plastic and the striking blue ensure that you find it again more quickly. The unpainted handle also minimises the risk of broken parts being able to enter the production process. Suitable for right-handed and left-handed users, 2-sided, stainless trapezoidal blade, push button for easy blade change.

Appropriate accessories:

488080 Cut-off wheel high performance FUTURO

FUTURO

ITT

Straight version (form 41), abrasive corundum A, **very well suited for structural steel, hardened, highallog and high-tensile steel and stainless steel.** For cutting sheet metal, profiles and solid material. Powerful cut-off wheel with a extremely long service life and high cutting performance with free-hand angle grinders of all power classes. Less burr formation and fewer flying sparks. Iron and sulphur-free, specially protected against moisture-related ageing processes.

Sales unit = pack of 25

489100 Abrasive flap wheel high performance Z FUTURO

Flat design, abrasives made of sharp-edged, self-sharpening zircon corundum, very well suited for steel, suitable for stainless steel. Tool for universal grinding tasks such as surface grinding and welding seam processing with a very high service life and a maximum amount of stock removal. Iron and sulphur-free.

Sales unit = pack of 10

489110 Abrasive flap wheel high performance C FUTURO

Conical design, abrasives made of **microcrystalline**, **sharp-edged ceramic grain**. Fast and aggressive grinding with very high cutting performance and also a greater contact surface due to extra long slats. **Very well suited for tempered steels, pawl surfaces and titanium**, especially good for edge grinding. Iron and sulphur-free.

533176 Respirator 3M

Aura™ 1862+

FFP2 NR D, EN 149:2001+A1:2009 Typ II R, EN 14683:2019

Filter class FFP2, the 3M™ Aura™ respirator 1862+ provides effective breathing protection against dust, non-volatile fluid particles and biological aerosols.

Resistant to liquid splashes, sealing points along the top edge of the mask ensure a clear view. This reduces eyewear fogging. The innovative filter technology guarantees minimal breathing resistance while maintai-ning safe filter performance. The special design of the nose section allows it to conform perfectly to the shape of the face. The chin strap makes it easy to position the mask, while hygienic individual packaging protects the mask from contamination.

597279 Infrared clinical thermometer CleanSwiss (non-contact)

CS-T01

This infrared clinical thermometer measures temperatures using non-contact technology, has a threecolour display mode and takes measurements in only 0.5 seconds. It is suitable for use on adults, children and infants.

- Starts up in a flash (in less than 2 seconds) and is easy to use
- Measures temperatures in only half a second, so also suitable for screening people entering a building, in public buildings, traffic etc.
- Switches off automatically when not in use to conserve battery life
- Measuring distance: approx. 3-10 cm
 Includes memory function for up to 50 groups, so that specific measured values can be retrieved later (e.g. group 1 = warehouse employees, group 2 = sales employees etc.)
- The clinical thermometer is battery-powered and requires 2x standard 1.5V alkaline (AAA) batteries (included!)
- Optional: Can also be operated with 2x NiMH (rechargeable batteries)

865670 Cylindrical drill bush

Version B, medium hardened and ground DIN 179 B

Steel 62 HRC + 2

Cylindrical drill bushings come in two forms: - Form A: Bore rounded at one end.

- Form B: Bore rounded at both ends

Tolerance: Bore d1

= F7 Diameter d2 = n6

Other dimensions	available	upon	request.

865675 Cylindrical drill bush

Version B, long hardened and ground

DIN 179 B

Steel 62 HRC + 2 Cylindrical drill bushings come in two forms: - Form A: Bore rounded at one end.

- Form B: Bore rounded at both ends

Tolerance: Bore d1 Diameter d2 = n6

= F7

Other dimensions available upon request. Order ID d1
